Camera PRS-YT/BD Series Explosion-proof Integrated

Camera

- ◆ Explosion protection to ◆ENELEC IEC
- ◆ Can be used in Zone 1 and Zone 2 Zone 21 and Zone 22

■ Catalogue number logic

■ Product characteristics

- ◆ The explosion-proof integrated camera is used as a fixed terminal in the intelligent video surveillance system for on-site video image perception upload and other functions; the device has a variety of intelligent behavioral detection; support the linkage action of multiple trigger rules;
- ◆ Suitable for all-round monitoring of key areas; the product supports horizontal 360° rotating and vertical 90° rotating;
- ◆ Intelligent temperature control devices can be installed inside, and the product can be applied to -60°C to +63°C harsh working conditions;
- ◆ The camera is configured with wireless module for connecting with the platform by using 4G, 5G, WIFI, and other wireless networks and Internet networks.

Zones 1&2; 21&22
